Attendees

Those marked with a “✓” were in attendance, those marked with a “x” weren’t. **BOLD** indicate meeting guests.

Name	DA/SSA/Dept.	Name	DA/SSA/Dept.
④ Troy Parah	NCSS	④ Carolyn McBain	DMH
④ Amanda Morong	NCSS	④ Dillon Burns	VCP
④ Diane Bugbee	DAIL		Bryanne Castle
	Lindsay Mesa		Laura Kass
	Pathways		RMH
④ Kate Lamphere	HCRS	④ Danielle Payton	RMH
④ Julie Pagliccia	UCS	④ Lori Vadakin	UCS
	Tim Gould	④ Matt McNeil	HC
	NKHS	④ Noreen Shapiro-Berry	NKHS
④ Lisa Dobkowski	CSAC		Gretchen Pembroke
④ Chelsea Alsofrom	Pathways		CMC
④ Lori Vadakin	UCS	④ Jeff Rothenberg	WCMH
④ Sharon	NKHS	④ Josh Burke	NKHS
④ Dustin Redlein	RMHS	④ Carissa Berry	
		④ Lisa Lambert	HCRS

Time	Topic	Focus
10:00-10:05	<p>Introductions and updates from each agency</p> <ul style="list-style-type: none"> • Pathways – all staff are certified, and it is time to recertify. What is the process? DMH: Praed feels that everyone needs to be recertified every year. Praed is going to create a Vermont version of the ANSA however DMH is talking with Praed to know the Vermont timeline (likely April). Will not need to be recertified for a Vermont version if currently certified. • RMH – Implementation team is meeting biweekly. IT department is building the Vermont DRAFT version. A couple of staff are trained enough to be trainers. • WCMH - Directors are meeting re: ANSA. Trying to prioritize but are saturated with new clients and implementing the new EMR. Had a meeting with staff that are using the CANS and how highly they felt it helped clients. • NCSS – Implementation group is meeting monthly and the super users are meeting monthly as well. Feeling pretty good with where they are at. Still building reports for the CANS. Focusing on training staff. CANS implementation team members have joined the ANSA implementation team which has been helpful. • CSAC - First implementation team meeting and agreed to start meeting weekly. Two staff went through the certification and hopefully two more before next meeting. Set up a timeline. Would like to hear how others are promoting this in a positive way. Still have questions about what it will look like once in the EMR. Questions about the annual process? Workflow will be a future agenda item. It doesn’t need to be a Mastered level to complete the ANSA. Only Mastered level rostered needed for diagnosing. The IT team was wondering if it would be helpful if they should take the online course but not take the test. • Credible agencies – Questions about the IT departments are connecting. Some DAs thought this was happening. 	<input checked="" type="checkbox"/> Inform <input type="checkbox"/> Discuss <input type="checkbox"/> Decide

	<ul style="list-style-type: none"> Netsmart - already built in Avatar. They built in the regular ANSA and just need to tweak based on Vermont version. 	
10:05-10:55	<p>Updates and Check ins:</p> <ul style="list-style-type: none"> ANSA start date – DMH submitted a draft manual to Praed for approval and they support the new version. Waiting on the final piece of putting it in the right format and the score sheet. Looking at the training dates and have the Vermont version to train on and likely not ready until April. Realize a lot if going on for all involved. Delaying the start date will create room for building and training on the Vermont version. DMH would like to have a start date be January 1, 2022. DMH needs to have DA partners to look at the data and report building. This group will want to create a timeline, so implementation feels good with starting 1/1/22. Thinking about having another ANSA kick up event – to make sure all the information is clear and there are no misconceptions. Value based payment starts on January 1, 2022. Will not be measured until March of 2023 and will be looking at 2022 year for reporting only. Dillon – Will think of a platform for discussion of ANSA. One pager – UCS created a one pager as a way to be transparent with all staff. Lori sent it out to this group during the meeting. Training dates (Training & Train the Trainer) - Will adjust the dates so that the trainings will be in the Fall 2021. DMH will be asking for specific instructors from Praed. 	<input type="checkbox"/> Inform <input checked="" type="checkbox"/> Discuss <input type="checkbox"/> Decide
10:55-11:00	<p>Wrap Up and Next Steps</p> <ul style="list-style-type: none"> Future topics – (possible subgroups?) - Address outpatient groups, IT implementation, workflow, supervision. Thinking of having a larger ANSA kick off. 'Save the date' to be set. DMH will make everyone aware of training dates as soon as they are confirmed. 	<input type="checkbox"/> Inform <input type="checkbox"/> Discuss <input checked="" type="checkbox"/> Decide
